

**REMARKS**

Claims 1-12 are pending in the application. Claims 1-12 are allowed.

The Examiner objected to the drawings for failing to show every feature of the invention specified in the claims. Figure 1 was amended to provide consistent line thickness and lettering. Figure 2 was added to provide a drawing showing all of the features of the claims.

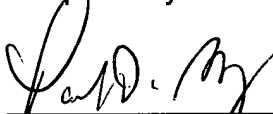

The specification was amended to include a brief description of Figure 2 in the "Brief Description of the Drawings" section, and to include an explanation identifying the components of Figure 2 in the "Detailed Description of the Invention" section.

Claims 1-6 and 8-11 were amended to correct errors and improve claim language. Applicant has not limited the scope of any feature in any claim.

No new matter has been introduced as a result of any of the above amendments. Entry of this amendment is earnestly solicited.

Respectfully submitted,

Date: 1-5-05
